Never met someone who wasn't young once
When the hell did we all learn to hate
Last time that I checked we bleed the same blood
But we all fall in love in different ways

We've come too far to turn back now

You can twist my words
You can break my stride
But you can't take my, you can't take my
Wear my colors loud till the day I die
'Cause you can't take my
You can't take my pride

Oh
You can't take my pride
Oh
You can't take my pride
Oh
You can't take my pride
Oh
You can't take my pride

Who's to say there's one way or another
This life isn't always black and white
As long as we always got each other
We can find our way back to the light

We've come too far to turn back now

You can twist my words
You can break my stride
But you can't take my, you can't take my
Wear my colors loud till the day I die
'Cause you can't take my
You can't take my pride

Oh
You can't take my pride
Oh
You can't take my pride
Oh
You can't take my pride
Oh
You can't take my pride

You can twist my words
You can break my stride
But you can't take my, you can't take my
Wear my colors loud till the day I die
'Cause you can't take my
You can't take my pride
