

# Shine

Felix Jaehn

Didn't think I'd finally find  
A whole world in my mind  
But you're doing just fine  
You said, "I'm sorry babe  
I just want to shine"

Hey, shine  
Hey!

Tall grass and a blistering heat  
I've got the burns on my back  
Dirt on the soles of my feet  
They say, "Come here where the air is sweet  
Play the game we're playing"  
I heard them saying

"Here's where you lose your mind  
The water here's divine  
You're doing just fine  
Come on darling  
Don't you want to shine?  
Don't you want to shine?"  
Hey!

Here's where you lose your mind  
A whole world in my mind  
But you're doing just fine  
Come on darling  
Don't you want to shine?

Shine  
Shine  
Shine

Hey!  
Hey!

Here's where you lose your mind  
We lose it all the time  
Look up, darling, and you'll find  
We're not that different losing brilliance  
Every time we want to shine

Shine (Shine)  
Shine  
But you're doing just fine  
So come on darling  
But don't you want to shine?

Shine  
Shine  
Don't you want to shine?  
Shine  
Hey!
