

Babymoma

Felix Sandman

Check it, I'm checkin' it twice
I go too deep in the strife
Remi been rolling the dice (Hurt my)
Wrist in a fight
Need me some ice
Duck n some rice
(It's like you can't side)
I'll call you up when I see you
Don't give a fuck bout the prequel
Feel like I can't when you see through
(4:25 and I'm going)

Baby mama
Why they always leave you
They see you're grace
Using your place
But you'll be okay
Preach it loud
Mamama
Mamama

Too many lights
Too many nights like these
I don't wanna fight
Got too much love in my oooooo
Can't let it grow either
Text like a reaper
I could be through
But I won't let go
Yeah that's right
Tryna cut me
Like a scythe
When you can't move
Start to fire
It's a lie
You will never be satisfied
All good, all good back then

Darling mama
I don't wanna leave you
It's just a phase
Finding my way
You'll be ok
Preach it loud
Mamama
Mamama
Mama
Ugh

Feelings they comes and they goes, right?
I thought our bond was much stronger
You started tripping on fake shows
I'm losing sleep
Grab what you need
Words cut too deep
Fall on my knees
Fall on my knees

I can't please you
I can't please you
But I'm dying
I'm dying to see you

And then he kills the moon spirit, you know that white fish, it's one half of Yin and Yang, and he destroys it and the sky turns very dark. And you know she, she had been touched by the moon, the moon saved her life when she was born. And it was so sad you know but also so beautiful, when she sacrificed herself to restore the balance. She became the moon.
