

Something Right

Felix Sandman

I don't trust nobody
I don't like nobody
Gotta feel me all kinds of things
So let's do things I tell nobody
So you wanna get a drink of me
And I know you mean coffee
Girl, I bet you're never late
But if you are, I know you say sorry

Must be on your best behavior
Cause I don't kiss no stranger

So you must have done something right
Cause I, I would let you ruin my life
And I haven't felt something in a long long time
So you must have done something right

Ooh, oh, oh, oh, yo-o-o-o-ou
Ooh, oh, oh, oh
Must have done something right

Never loved nobody
Never liked nobody
So much that I cancelled things
And left things 'til everybody
I see you everywhere I'm looking now
It's like you're right here with me
And even when I close my eyes
We're skin to skin, I feel your body

Must be on your best behavior
Cause I don't kiss no stranger

So you must have done something right
Cause I, I would let you ruin my life
And I haven't felt something in a long long time
So you must have done something right

Ooh, oh, oh, oh, yo-o-o-o-ou
Ooh, oh, oh, oh, yo-o-o-o-ou
Ooh, oh, oh, oh, yo-o-o-o-ou
Ooh, oh, oh, oh, yo-o-o-o-ou
Must have done something right
