

Dirty Pockets

Felly

Fel be on it, Fel be on it
Swear I got dibs
Ain't no stopping here I promise
Man I promise
A lot of times they try to block you
With that nonsense
We gon' fill our dirty pockets
Dirty Pockets

I said it's too cold
That's why I move slow
And no you don't know a thing
I'm scatterbrained
Walk around in my graduation
With saturated vision
Cool your aggravated bitching
Go make your life worth living
(F to the E to the L)
Stop trippin'
Peace to the ones who hang at my feet
You coattail chasin'
2273 the ones on my team
Coast to coast invasion
When I get home, they all come along
Wanna go roll one up with my baby
Cause Vegas was too shady
And LA get me crazy
With my hands up, holla
Never had one problem
Been on that cheese like olives
Tryna peace from college
No that money's not what I need
Still I'm gon' cop it like I ain't got it
Then I go split it up with my team
Until we all just sitting' on profits
Dirty pockets

Fel be on it, Fel be on it
Swear I got dibs
Ain't no stopping here I promise
Man I promise
A lot of times they try to block you
With that nonsense
We gon' fill our dirty pockets
Dirty Pockets
