

# I Stayed Home All Day

Felly

One day  
Slow down Jack  
I stayed

I stayed home all day, nothing is new  
I stayed home all day, what did you do  
I go out enough, it's fine just to chill  
I might buy one, I might drop some, I might roll up  
Can you blame me boy, I can't help it  
Know that I work too hard, I ain't selfish  
When them curtains open I'll be like Elvis  
But until then I'll just mix in these sessions  
Screaming one day (I stayed home all day)  
One day  
One day (I stayed home all day)  
One day  
One day

Can you blame a boy?  
No, still alone (what the fuck happened)  
Yeah

I stayed home all day  
Gonna go sleep  
Cus it's all for me

One day  
Still alone
