

## Just Choose One (Interlude)

Felly

I'm getting tired more  
I like it out here though  
Can I ask you something?  
You know like, when you're listening to the radio  
And you hear a song that you love playing  
But it's not coming through quite right  
It's, it's getting you this "Pssh-pssh-pssh"  
And all you wanna do is listen to that song  
And what do you—, what do you do with that tune?  
Do you hang on and listen to the ramblings of a broken version  
Or do you shift the dial and listen to something else that you  
don't  
Necessarily rock with as much?  
That's how I've been feeling about love lately  
Just turn off the radio, it's—
