

La La

Felly

Woo, woo, woo, woo, woo

Chain on my neck, too heavy
We can go there, if you let me
Clean as I can get, still sweaty
Heart's been sideways (Sideway)
Eight bedrooms, goin' Presley
Meet your maker, baby
Lonely nights drove me crazy
I don't expect none of y'all to save me (No)

None of y'all can save me (No)
None of y'all can save me, nah
None of y'all can save me (Save me, save me, save me, save me)

Bags in my eyes, I'm sleepless
Shawty got thighs, I'm deep in it
Up at midnight, I'm creepin'
Know we gon' shine all seasons
Gold on my neck, la-la
Waiting 'til you see the inside
Gotta keep my heart over mind
Hush, lil' baby, I know

None of y'all can save me
None of y'all can save me, nah
None of y'all can save me
