

Listen!

Felly

You love to talk but you don't listen (Blah blah blah blah blah)
You'd like to steal my rainbow

Witchy woman called me
Said come quickly 'fore I fall asleep
Wishing that I had more time
But my bread is calling me (Blah blah blah blah blah)

Oooh, thinking what I'd like to do with you
I can bite my tongue when it's all through
Girl, I gotta run, don't mean to be rude
But it's true...

You love to talk but you don't listen (Blah blah blah blah blah)
You'd like to steal my rainbow

"Go to bed, carry on my love"
She gave me all the four seasons
I can't believe it
I'm tuning out before you start speaking
First about a rent check
Then about your weekend
Then about your friend's friend
That you ain't seen in a few months
Or how it's never that good inside of the club
Ok, that's enough

But oooh, thinking what I'd like to do with you
I can't bite my tongue when it's all through
Girl I gotta run, don't mean to be rude
But it's true

You love to talk but you don't listen (Blah blah blah blah blah)
You'd like to steal my rainbow
