

Love

Felly

Yeah

(Oh baby, I got love, love, love, love

I got love

Said I got love, baby girl, I got love, oh baby girl

I got love, love, love, love) Love for myself, yeah

Said I got love, love, love, love

I got love, oh baby girl

I got love, love, love, love

Said I got love

Well I met you down in Ocho Rios

Pulled up next to you like, "Nice to meet you"

I didn't know that this was just a preview

By day two I knew our love was equal

Like damn girl I met a lot of people

Never met somebody quite as peaceful as you

And I can tell you it's true

You turn the tides of the ocean by the way that you move

That smile's why you my sensei, you my sun and my moon

I said, "I'll be back in June" and you said you will too

But now here I am sitting all alone out in Losay

I called up Mia tell Mia she be okay

I don't need much in this life but the whole team (I don't need shit)

Remember waking in the sand to that OJ

Girl that's all you

Like how you do what you do

Like lately I've been running circles trying to keep it all cool

And I care about them other girls you think I pursue

And if you ever need proof I made this record for you

Girl I tell you I got love, love, love, love

I got love, oh baby girl

I got love, love, love, love, (right?)

Said I got love, oh baby baby

I got love, love, love, love (love, love, love, love)

I got lust

I got love, love, love, love (love, love, love, love)

(She down in Ocho Rios

I met you down in Ocho Rios

That's that 2273 you know

And that's that friendly neighborhood you know

I got love, love, love, love

Oh I got love, oh baby girl

I got love, love, love, love

Yo I got love

I got love, love, love, love

I got love, love, love, love

Girl I got love, love, love, love

Now we have love, love, love, love)
