Felly

Ooh, ooh  
Ooh, ooh  
Yeah, yeah, yeah

Drivin' through the blackness of the Hills (Yeah)  
Devil in my chest, he always comin' for my best  
Pesos on my neck, I got some skills  
Patience is a test, my fuckin' hands up on my neck

Lookin' on the bright side  
Goin' for a night ride (Night ride)  
Fallin' through the nighttime, keep your eyes wide  
Keep your eyes wide (Yeah, uh, yeah)

Racks on racks on racks, won't split the bill (Won't split the bill)  
Yeah, land in LAX, I can't decide if this shit whack (Uh)  
Lookin' at my past, it give me chills (Yeah)  
I ain't felt this good in 'bout a year (Yeah)

Lookin' on the bright side  
Goin' for a night ride (Night ride)  
Fallin' through the nighttime, keep your eyes wide  
Keep your eyes wide (Yeah, uh, yeah)

Ooh, I need your love today  
It's hard to say  
It's complicated, but  
Baby, won't you walk this way  
Don't start today  
You drive me crazy
