

# Nothing Ordinary

Felly

Far from ordinary  
Nothing's ordinary  
Life takes up our time  
And we're not too satisfied  
But alright  
Nothing's ordinary  
Ain't it strange?  
How we could live all of our lives  
Tryna find some place to hide

But oh  
How I'd love to get you high and take a look inside  
Baby oh  
How I'd love to get you high and take a look inside

So unfortunate  
Flood the lake  
And see the danger as it rise  
Probably still pay it no mind  
But alright  
Always more to carry  
My eyes is wide  
The times is fading, I don't mind  
I've had many of these nights

But oh  
How I'd love to get you high and take a look inside  
But oh  
How I'd love to get you high and take a look inside
