

## Panama

Felly

I got too many problems  
I smoke too many swishers  
Rollin til the table wobble  
I roll around with women who be off the full bottle  
And if you want I give it but I don't got to  
I make my flows viral  
Son I be mixing on the smoothest movie  
Shit, I only watch pixar movies on lucy  
And I stay feelin booshie  
Tryna kick somethin' groovy  
I curse like a pirate and get all of the booty, forreal  
I be posted down in panama  
I might take a dick pick panorama bruh  
I move the stick shift and whip it like the cameras on  
Me and my mans bout to take over america, but y'all don't under  
stand me tho  
Frank sinatra, he woke me up, I was laying down in my boxers  
Like what the fuck, I been getting drunk at the opera  
Yo why these dudes think they poppin' they ain't even popping  
22 seven on the speakers and it ain't an option  
I ride with dirty pockets, homie all I know is sirens  
Know these suckas trnya sellout, my team ain't buying  
'Bout to grow my damn hair until it look like a lion's and stil  
l I ain't tryin'

Fel be rollin on a join  
They ask who I do it for  
I do it for my boys as simple as it gets  
Live life and enjoy  
But don't be the one tryna turn down my noise  
Forreal
