

Shadows Of Da Gods

Felly

From the shadows of the gods
Got my people on the rise
Find me up in my garage spilling paint aye
Check the mirage that I've made
With more messes left to make
So I, take a look up to the stars and I start to realize why
Why why we getting caught in the same place yeah
Aye, I never cut myself a break no, no way
Aye, get all of these worries right up out my dorm
Instead I come on blurry asking questions that nobody knows
And oh the devil he be coming so close
Hey rolling up them petals in the city of soul
Heading southbound yeah that's what I've been told
They walk down Figueroa just to show off their clothes
Oh your soul is of gold
Y'all don't run in my blood
Y'all don't know what I mean
Shit I'm just having fun
If you ain't with it move on
Aye, aye, as we say it's one love one love
Its been the same since the start
And we ain't changing who we are
Yeah that's who we are
Heading southbound yeah that's what I've been told
They walk down Figueroa just to show off their clothes
Oh your soul is of gold
Y'all don't run in my blood
Y'all don't know what I mean
Shit I'm just having fun
If you ain't with it move on
Aye, aye
If you ain't with it move on
Aye yeah aye yeah
From the shadows of the gods
