

Slim Jawn

Felly

Storm out when I walk in
Ooo she mad we not talking
Big gas and I'm coughing
Life splash gone unconscious

Slim Jawn point five in it
New tags I'm arriving in it
Relax then we mobbing
Know you mad hoe stop it

Got my wrist cold
Slap songs woah this ain't new to us
Bitches mad when I'm in the club
I ain't picking up
Bitches mad when I'm with other bitches
I ain't picking one
If you knew it was something in my phone
Why'd you pick it up?

She a spinner flip her on a mattress
I would give your ass up before I share my address
Okay we was talking money 'fore we ever really had shit
I should charge a fee how I'm busting up and back in

Storm out when I walk in
Ooo she mad we not talking
Big gas and I'm coughing
Life splash gone unconscious

Slim Jawn point five in it
New tags I'm arriving in it
Relax then we mobbing
Know you mad hoe stop it

Okay can't beat around the bush
They yelling gang and blowing kush
I made my [?] sell a book
Can't play it's easy as it looks
Jump in this bitch go crazy
Say that shit bust it with a hook
I been with rock stars and cop cars
No telling who's the crook

Can't write no [?]
Bitches wanna come round now can't tease me
I don't ever bow down unless you [?]
Homie got locked up, got him out easy
Cold world come around, yeah get freezy
Keep it on the high no sun like Bee Gees
Moved to LA where the weather all breezy
I can't even lie the game need me
Fuck out my way when you see me

Storm out when I walk in
Ooo she mad we not talking
Big gas and I'm coughing
Life splash gone unconscious

Slim Jawn point five in it
New tags I'm arriving in it
Relax then we mobbing
Girl you mad hoe stop it
