

Fake Snow

Fences

Into the wreckage of the storm
I know now
My body wasn't cold
And then you shut the door and locked the door
And I know now
My body wasn't cold

Oh father (Oh father)
Oh father
Listen now, I oughta let you go (You've killed me)
(You've killed me)

Oh father (Oh father)
Oh father
Listen now, I oughta let you go (You've killed me)
(You've killed me)

Into the wreckage of the storm
I know now
My body was adorned
And then you shut the door and locked the door
And I know now
My body was adorned

Oh father (Oh father)
Oh father
Listen now, I oughta let you go (You've killed me)
(You've killed me)

Oh father (Oh father)
Oh father
Listen now, I oughta let you go (You've killed me)
(You've killed me)

Oh father
Oh father
Listen now, I oughta let you go

Oh father
Oh father
Listen now, I oughta let you go

Oh father (Oh father)
Oh father
Listen now, I oughta let you go (You've killed me)
(You've killed me)

Oh father (Oh father)
Oh father
Listen now, I oughta let you go (You've killed me)
(You've killed me)
