

Thin Legs

Fences

Long came you and everything else
I can't accept the fact that you and me are so very lucky
I'll stay and sway, kicking black boots on the end of thing legs
Long came you and everything else

I didn't even call you
You're in my house
I'm looking for a come back
It's in my mouth
I didn't even call you, call you
It's in my mouth
I'm looking for a come back, come back
It's in my mouth

Long came you and everything else
I can't accept the fact that I as me will never be happy
So I'll hang out till the bathtubs drained and the body is found
Long came you and everything else

I didn't even call you
You're in my house
I'm looking for a come back
It's in my mouth
I didn't even call you, call you
It's in my mouth
I'm looking for a come back, come back
It's in my mouth

Long came you and everything else
Long came you and everything else
Long came you and everything else
Long came you and everything else

Long came you and everything else

I didn't even call you (Long came you)
You're in my house
I'm looking for a come back (Long came you)
It's in my mouth
I didn't even call you, call you (Long came you)
You're in my house
Long came you
Long came you
