

# Stop and Stare

Fenech-Soler

I see you there,  
like a light in the sky  
Don't give up,  
and I'll fight  
If you show me a sign

The monkeys in exile,  
they're screaming because they know it's time  
The city it sleeps,  
Not knowing the reason why

We stop and stare,  
'cause we don't know where we're going  
I see the stars on the horizon  
I told a lie

I see you there like a light in the sky,  
Don't give up,  
and I'll fight  
If you show me a sign

The world fills with darkness  
No power line, no reason to shine  
We'll sail off this ocean  
and search out the reason why

We stop and stare,  
'cause we don't know where we're going  
We brave the cold,  
we try to hide our fear

We stop and stare,  
'cause we don't know where we're going  
I see the stars on the horizon  
I told a lie

All I see is the flashing of lights,  
I need to feel the heat,  
Don't give up the fight  
I see your pain is rough,  
you're burning so bright

The castle sleeps,  
the arches take aim  
I feel the fire,  
do you feel it the same?  
All I see is the flashing of lights tonight

We stop and stare,  
'cause we don't know where we're going  
I see the stars on the horizon  
I told a lie

We stop and stare,  
'cause we don't know where we're going  
We brave the cold,  
we try to hide our fear

We stop and stare,  
'cause we don't know where we're going  
I see the stars on the horizon  
I told a lie
