

# Something Bad Is Gonna Happen

Fenix TX

My intention this deception doesn't seem to impress me anymore  
Three in the morning  
So the city should be sleeping  
Let's take a trip on to the otherside  
It's time to see what kind of shit we'll get away with  
I never felt this much alive  
Hey you want it hey we'll get it hey steal the attention from everybody  
Hey you want it hey we'll get it hey you wanna fuck shit up  
Well come on  
Hey you want it hey we'll get it hey steal the attention from everybody  
Hey you want it hey we'll get it hey you wanna fuck shit up  
Well mother fucker come on  
God forsaken forced vacation is the only thing that lies in store  
I think I see one  
No lights are on garage is open do it in a hurry  
So we're in and we're gone  
Hold on I think I hear somebody else's footsteps  
Now hold your breath and just get ready to run  
I bet you feel like you're about to piss your pants now  
But deep inside you know this game is fun  
Come on hey you want it hey we'll get it hey steal the attention from everybody  
Hey you want it hey we'll get it hey you wanna fuck shit up  
Well come on  
Hey you want it hey we'll get it hey steal the attention from everybody  
Hey you want it hey we'll get it hey you wanna fuck shit up  
Well mother fucker come on  
Hey you want it hey we'll get it hey steal the attention from everybody  
Hey you want it hey we'll get it hey you wanna fuck shit up  
Well come on  
Hey you want it hey we'll get it hey steal the attention from everybody  
Hey you want it hey we'll get it hey you wanna fuck shit up  
Well mother fucker come on
