

To Be A Woman Pt. 2

Fenne Lily

1, 2, 3, don't breathe until I wanna come back
He came home
He came home alive
He came home alive
Tell me do you like it like that
When the moon shines light on a cruel disguise he'll cut you li
ke a panic attack

Oh, don't you let him
Oh, don't you let him

Handshake your namesake while you're lying in the street
She's a liar and a cheat
With a killer's eyes
With a killer's eyes
Surrender to a chemical sleep
Not a screaming rush, not a feeling touch
An ephemeral lover you can't keep

Oh, don't you let him
Oh, don't you let him

Turn down the birds (How does it feel to be alive)
Turn down the bed (How does it feel to be a lie)
Turn down the words (How does it feel to be alive)
Turn down my head (I wanna lie in the dark with you)

Turn down the birds (How does it feel to be alive)
Turn down the bed (How does it feel to be a lie)
Turn down the words (How does it feel to be alive)
Turn down my head (3, 2, 1, you should run)

Oh, don't you let him
Oh, don't you let him

1, 2, 3, don't breathe until I wanna come back
He came home
He came home alive
