

## Top To Toe

Fenne Lily

Tell me it's the best for us  
Stake away the truth because  
Sleeping top to toe with me  
Isn't what it used to be  
So I'm changing all my days to make your night  
It's just not right  
And you tell me I'm a child  
And take my light  
To smoke your mind

But I don't smile like before  
And you take him to your bed  
It's all been said  
You need this more

Tell me I'm a time you'll miss  
Feelings always change like this  
But you are all the words I need  
To explain myself  
It seems  
So I'm changing all my days  
To make your night  
It's just not right  
And you tell me I'm a child  
And take my light  
To smoke your mind

But I don't smile like before  
And you take him to your bed  
It's all been said  
You need this more  
Please don't go I need you  
"Take control," you tell me  
Please don't go I need you  
Take control

So I'm changing all my days to make your night  
It's just not right  
And you tell me I'm a child  
And take my light  
To smoke your mind

But I don't smile like before  
And you take him to your bed  
It's all been said  
You need this more  
Won't you take me to your bed  
I should have said  
I need you more
