

Everything Is Nothing Without You

Ferlin Husky

Little kittens baby ducks and puppies
A morning sunrise on the ocean blue
The stars and moon are shining at their brightest
But everything is nothing without you

I'm proud that I'm a part of God's creation
Life it's self is beautiful it's true
I'll tell the world without hesitation
That everything is nothing without you

The leaves are changing colors in the forest
And amidst the trees the sun comes peepin' through
A stream of water ripplin' down the mountain
But everything is nothing without you

I'm proud that I'm a part of God's creation
Life it's self is beautiful it's true
I'll tell the world without hesitation
That everything is nothing without you

Everything is nothing without you
