

Never Have, Never Will

Ferlin Husky

I never have and never will
My dear step out on you
I cross my heart and swear that I
Don't want nobody new

Darling please don't think that I've
Been running round on you
I never have and never will
I cross my heart it's true

I've never had but just one love
And that one love is you
And if I ever lost you dear
I don't know what I'd do

Honest hon I swear that I
Don't want nobody new
I never have and never will
I cross my heart it's true

I've never had but just one love
And that one love is you
And if I ever lost you dear
I don't know what I'd do

Honest hon I swear that I
Don't want nobody new
I never have and never will
I cross my heart it's true
