

The Waltz You Saved For Me

Ferlin Husky

Every dream with you I'll sway dear
To the waltz you saved for me
Every dream while I'm away dear
You'll hear this melody
Whisper goodbye and gently say dear
That in all the days to be
You will sometimes remember
The waltz you saved for me
Whisper goodbye and gently say dear
That in all the days to be
You will sometimes remember
The waltz you saved for me.
