

Useless

Ferlin Husky

Useless to worry useless to care
The hurt that you brought me is more than I can bear
It cut like a knife dear when you said that we was through
I know it's useless to love you but I do

Useless useless useless to worry over you
But I can't stand the thought of
You makin' love to someone new
It's useless to love you but I do

Useless useless useless to worry over you
But I can't stand the thought of
You makin' love to someone new
I know it's useless to love you but I do
