

## Your Sweet Love Lifted Me

Ferlin Husky

I've thought the world for me had ended when she left  
So my pride let me start feeling sorry for myself  
I built a wall around my heart for security  
Then your sweet love opened up a brand new life for me  
Clouds of doubt were gone at last I saw the sunshine  
Instead of crying now I feel like singing all the time  
Now at last I know how sweet the joys of love can be  
And it all happened when your sweet love lifted me  
Yes your sweet love lifted me you showed me how your sweet love  
could satisfy me  
I was blinded you made me see when your sweet love lifted me  
Yes your sweet love lifted me...  
Yes your sweet love lifted me
