

Airbiscuit

Ferry Corsten

I saw a sign today
Said walk the other way
If you get scared in the dark
A soul gets to intense
And looses innocence
Best take a walk in the park

CHORUS:

Maybe, I'll spend my time,
Making love to you baby
Making love to you
Lately, what's on my mind
Is making love to you baby
Making love to you

I saw the news today
Another scary day
Another day in the night
But if you touch a hand
Sleep on a bed of sand
You could be seeing the light

Maybe, I'll spend my time
Making love to you baby
Making love to you
Lately, what's on my mind
Is making love to you baby
making love to you

I wanna be with you
All night, all day

CHORUS
