

## Because

Ferry Corsten

Because the rain fell in I start to slide  
It's just a little rain child  
I can't walk out and not hear a sound of you running  
wild  
It's just a little rain child  
I got to make it sound I thought i'd let you know  
All I do is make you promise something I won't know  
Oh no no  
Oh is this the part of you that feeds the inside  
But even if it feels right  
I can't walk out and not hear the sound of you running  
wild  
It's just a little rain child  
I got to make it sound I thought i'd let you know  
All I do is make you promise something I won't know  
Love I got to make it sound I thought i'd let you know  
Oh no no  
Oh no no  
Oh no no  
Oh no no  
Oh no no  
Oh no no  
Oh no no  
Oh no no  
Oh no no  
Oh no no  
I got to make it sound I thought i'd let you know  
But all I do is make you promise something I won't know  
Love I got to make it sound I thought i'd let you know  
I thought i'd let you know, I thought i'd let you know  
Because the rain fell in I start to slide
