

Here We Are

Ferry Corsten

Here we are
Is this real or am I dreaming?
Words can't describe

how I'm lost in this feeling.
Let it flow
chemicals are rushing through me.
I feel alive
right now
when you're with me.
I've always thought about
this moment we're in now.
I've finally seeing it for myself...
Here's we are
hopeful hearts
chasing stars.
I know we can make it
nothing can break us down
Nothing turned around.
Naked souls
don't let go,
when everything's faded.
I know we can make it now.
So here we are, so here we are...

Now I know
what it's like to see the sun rise
wide open skies inside each of us.
I've always thought about
this moment we're in now.
I'm finally seeing it for myself...
Here's we are
hopeful hearts
chasing stars.
I know we can make it
nothing can break us down.
Nothing turned around.
Naked souls
don't let go
when everything's faded.
I know we can make it now.
So here we are
so here we are.
We're falling together
faster than ever.
There's nothing that's standing in our way
standing in our way.
We're falling together
fighting forever
no one can ever take away...
So here we are
chasing stars
here we are
hopeful hearts
chasing stars
Here we are
chasing stars
here we are

hopeful hearts
chasing stars
Here's we are!
