

Possesion

Ferry Corsten

Cold wind blows
Stealing all innocence
The fall revealed
All it took from me

All is said there's nothing more
To prove to spare a second thought
An image of a dream
I will replace and hide

Inside, I'm a storm
I will break to hold on
I love with the thought of possesion

I'm eager to please
So much I deceive
I love with the thought of possesion

Possesion

Possesion

All feels wrong
When you're away from me
The thought that nothing
Is what it seems

No escape I cannot fight
To be to blame I'm left behind
An image of a dream
I will forget I hide

Inside I'm a storm
I will break to hold on
I love with the thought
Of possesion

I'm eager to please
So much I deceive
I love with the thought
Of possesion

I know I can let go
I know I won't let go

Of possesion

Inside, I'm a storm
I will break to hold on
I love with the thought
Of possesion

I'm eager to please
So much I deceive
I love with the thought
Of possesion
