

Federal Pain

Fetty Wap

Know what I'm saying, like, niggas really going through some real life shit, like, feel me?

And I'm just talking 'bout this pain 'cause it hurt for real
And I ain't tryna feel this pain I need a perc' for real
I remember we was down, now we worth some mills
But that shit can't bring 'em back now, no
Haven't folded in the jail, no, no
Would you rather take the stand, no, no
Do you think they understand, no, no
Gotta stand up like a man, hold on
And I'm just talking 'bout this pain 'cause it hurt for real
And I ain't tryna feel this pain I need a perc' for real
I remember we was down, now we worth some mills
But that shit can't bring 'em back now, no
Haven't folded in the jail, no, no
Would you rather take the stand, no, no
Do you think they understand, no, no
Gotta stand up like a man, hold on, yeah baby

I'm so sick of this pain, be feeling insane
Baby and this feeling is strange, I don't bring the same
Baby I feel left in the dark, ain't feeling the rain
Baby losing more of my heart I'm feeling the change
Baby I ain't playing gotta watch the ones you next to, yeah
Gotta stay up on you pivot 'fore they catch you, yeah
They can't wait for you to slip then say they helped you
Whole time they be the main reason why you [?], yeah baby

And I'm just talking 'bout this pain 'cause it hurt for real
And I ain't tryna feel this pain I need a perc' for real
I remember we was down, now we worth some mills
But that shit can't bring 'em back now, no
Haven't folded in the jail, no, no
Would you rather take the stand, no, no
Do you think they understand, no, no
