

## Get Back

Fetty Wap

I done seen a lot of niggas go broke and get it back, aww man  
I done seen a lot of niggas get put in the past, aww damn  
Ayy could you be the one to make a change baby to hold up your  
lifestyle  
Baby I'm a boss, I'ma still be standing when the niggas gettin'  
wiped out

I made a lot of money but some niggas hate  
I ain't got nothin' to prove, you ain't gotta see it  
I got a lot to lose so I remain humble  
With the gang, that's my same niggas  
Same dudes, we just changed figures  
You ain't even in the lane with us  
I got thirty up and I left the gang with her  
Ayy, suck me up then I let the gang hit her  
Could you be the one, the only one, baby  
I'm just a guy, let's have some fun, baby  
I'ma live my life, do what I want, baby  
[?] listen while I smoke a blunt  
And I'm the same, you should jack a nigga's style  
Baby lovin' my flow, how it go  
Got money I'ma stack it in a pile  
I don't think it's big enough, goddamn  
I been stacking up this money for a while  
For about three years, oh man  
Baby wanna ride with niggas that live 'round  
I can tell 'em 'bout the motherfuckin' van, yeah  
Guess it's really something 'bout my sound like yeah  
Really made a shawty wanna dance, yeah  
Still be tryna find out who I sound like, yeah  
I just tell 'em I'm the leader of the band, yeah  
I'm just tryna show you how to win  
Better get a house before it bends, it all makes sense  
Don't be tryna show off for your friends  
Bitches always do it for the gram, yeah baby
