Fetty Wap

At night's time when your the type that I want  
What you like, baby girl, and what you need you can have it  
I just want to show you that I'm not, what you're used to  
Girl, I swear I'll change  
Just a chance just to show you I love you  
I can show you ain't no other girl above you, baby  
Swear ain't no limit to this love I have for you  
Give it all to you baby

I see your ass on instagram baby  
And you became an instant friend baby  
I couldn't let you pass me  
Let yo stop, be my trap queen girl  
And I'll be your man  
I'll jump right in your dm  
Cause you blow my mind baby  
I think of you all the time baby  
I want you right by my side baby  
Take it slow  
Let me take my time  
Let me take my time

Is you who I'm missing now baby  
For you take my vision in baby
