Ayy, baby

Say I make it glow, that's your bare skin
Lover and your best friend, I just wanna see you happy
Giving me that look, I know what time it is
I won't waste no time with it, love everything you wear 'cause you look fine
in it
Say I make you glow, that's your bare skin
Lover and you best friend, just wanna see you (Yeah, yeah, yeah)

Lovin' when you regular or dripped in designer
Top dropped, cooling with your girl, you was sliding
She know I ain't regular, a pocket full of dollars
Her bag says Dior, on her feet it say Prada
I ain't worried 'bout these niggas like hakuna matata
This a hundred bands, have a ball, spend some dollars
You ain't gotta worry 'bout a thing, girl, I got us
Put you on my plans, to the top, we go ridin'
Baby girl, you're brighter than a star, where your lighter?
Swear you're like a drug, when I'm with you, I get higher
I let her ride this dick, I be way up inside her
She my hood queen and her name is Kevonna
