You know I'm a flirt, flirt, baby

Hop in this Vert Vert baby

Top down then skrrt, skrrt, baby

What's the move in the streets?

Bad and I only got a thing for you

Stop 'til she know it

Ay, can I get your number, babe?

Ay, and I only want her, babe

Ay, just like a star, babe

Ay, shot from afar, babe

Ay, spaceship to Mars, babe

Ay, if it's mine then it's yours, baby

Ay, just like a star, babe

Ay, a shot from afar, baby

Ay, a spaceship to Mars, babe

Ay, if it's mine then it's yours, baby

Let me see if you can shake for a little

Girl you so bad, just drop for a little

Make it come back and gon' make it wiggle

Watch them be mad, and girl you's official

Let me see if you can shake for a little

Girl you so bad, just drop for a little

Make it come back and gon' make it wiggle

Watch them be mad, and girl you official, yeah

Throw the confetti, I'm wild petty

Tell your hoes go and drain my spaghetti

And don't gas 'em without Getty

Kitty on jet ski, panties and a wet tee

Give 'em that water ride, this that Six Flags

This that moan Chanel Boy Brick Bag

Bitch, I'm bomb, in Balmain

Hedi Slimane, Saint Laurent

Who better than Nicki man? I can't eff'in' tell

Every time I drop, bitches like, "FML"

Hahaha, you in the game? I own my own game

I only respect them hoes that own they own plane

Young Griselda, slicin' up

I ain't got no competition so my price is up

I'm the heavyweight champ, Mike Tyson'd up

And I used to be a bitch, but I nicen'ed up

Ay, shot from afar, babe

Ay, spaceship to Mars, babe

Ay, if it's mine then it's yours, baby
