Take a ride, talk for a while baby  
And I promise it won't take too long  
And I swear I won't treat you wrong baby  
I just wanna see you baby

I burn everything but a wash  
Cause I like the time, cause it stop  
And I spend my time with you  
Baby wanna spend it all with you  
Baby come spend it all on you  
Baby put you in that foreign coupe  
Baby show you what these foreigners do  
Baby I can show you that foreign loot  
Baby Zoo Gang we a foreign crew  
Baby, girl you know I need you, ay  
Now drop to my knees  
And now I'm slowing down  
Anything to please you

Yeah girl you know I pull up on you anytime  
Tryna stretch you out, like we bout to cross the finish line  
Looking for that long stretch, well you know I finish mine  
Hustle all day, but back at home when it's dinner time  
Always on my grind, got a new chick with a new whip  
She take an X, now only fuck with exclusive  
And I came here with checks on me, no Nike, but I do it  
Don't trust hoes, that's foolish, I kill tracks go ape shit, I'm ruthless  
They bite me they toothless  
Pockets fat can't stop me, Bruce Bruce shit  
I'm tryna get them plaques, nigga no toothpicks  
All I'm tryna do is get you in the mood  
Change your attitude, show you I'm the better dude
