

Nobody Else

Fetty Wap

Something 'bout the way you break me down makes me stick around
Everyday I wake up make you smile, you should know by now
Every week we cruise around town and smoking something loud
Baby I be looking in your eyes, what is you about?
Every time they see me I'm with you, yeaahh yeaahh yeaahh
Ain't nobody else I rather choose, yeaahh yeaahh yeaahh
Some will say a hunnid keep it true, yeaahh yeaahh yeaahh
Baby Imma always fuck with you, yeaahh yeaahh yeaahh

Something 'bout the way you break me down makes me stick around
Everyday I wake up make 'em smile, you should know by now
Every week we cruise around town and smoking something loud
Baby I be looking in your eyes, what is you about?
