Fetty Wap

All my diamonds shine cause they really diamonds  
Killin' all these niggas, I ain't even tryin'  
They ask me if I'm strapped, I say really really  
They ask me do I trap, I say really really  
Flexin' to the world and yeah we be ballin'  
Better get your girlfriend cause she keep callin'  
They ask me am I high, I say really really  
Do I be on my grind? I say really really

In my Robin jeans I be really flyin'  
Problem with my green then they really dyin'  
If he try ZooGang then Zoovier gon' fire him  
Run up from the front, criminals right behind him  
And you these problems nigga  
Talkin' bread but you die now nigga  
I'm the ZooGod, I will knock my nigga  
This is flex man, this no lie  
Roll a backwood, I stay high

All my diamonds shine cause they really diamonds  
Killin' all these niggas, I ain't even tryin'  
They ask me if I'm strapped, I say really really  
They ask me do I trap, I say really really  
Flexin' to the world and yeah we be ballin'  
Better get your girlfriend cause she keep callin'  
They ask me am I high, I say really really  
Do I be on my grind? I say really really

Can't do what my gang, they be really robbin'  
If you can't do with your chain boy you better hide it  
All my niggas hitters, they be really plottin'  
All these whack niggas flexin' like they got it  
I don't give a fuck and I never will  
Even though a nigga just signed a deal  
Everyday I ride around with the steel  
Cause everyday round my way, niggas get killed  
Had to stack up to pay my momma's bills  
In the field so I know how drama feel  
You's a bitch, you don't know how drama feels  
Did it on my own, give a fuck how you feel  
Fuck how you feel  
Now it's time to switch the flow up  
Took a while to get my dough up  
I ain't ever switched my rolls up  
Now everywhere we go they know us  
Cause this a new lane  
Bitch we with ZooGang  
You fuck with the gang, we lettin' it bang  
I took your bitch because I know where you lay  
Diamonds, they dancin' all over my chain

All my diamonds shine cause they really diamonds  
Killin' all these niggas, I ain't even tryin'  
They ask me if I'm strapped, I say really really  
They ask me do I trap, I say really really  
Flexin' to the world and yeah we be ballin'  
Better get your girlfriend cause she keep callin'

They ask me am I high, I say really really  
Do I be on my grind? I say really really
