

## Text Me

Fetty Wap

You can text me in the...

You can text me in the AM or text me in the PM  
I keep a lot of girls who I hit up when I need 'em  
But baby you can text me  
Somethin' 'bout you really got me going  
You was sexy, be crazy if you left me  
You can text me in the AM or text me in the PM  
I keep a lot of girls who I hit up when I need 'em  
But baby you can text me  
Somethin' 'bout you you really got me going  
You was sexy, be crazy if you left me, yeah

You can text me in the AM or text me in the PM  
Last nigga that you had, yeah, I'd hate to be him  
Everyday a party, niggas feelin' like a rerun  
Bottle after bottle, that's the type of shit we be on  
Baby you can text me, just don't ever sweat me  
Just don't say you not gon' leave and then you left me  
Pull up to yo' address, baby get you ass dressed  
If you got a nigga, you know I can get you passed that  
Started in yo' DM  
Got a lot of bitches, I'ma see 'em when I see 'em  
I can take you on a shoppin' spree up in Neiman's  
I might hit the road switchin' hoes like the seasons

You can text me in the AM or text me in the PM  
I keep a lot of girls who I hit up when I need 'em  
But baby you can text me  
Somethin' 'bout you really got me going  
You was sexy, be crazy if you left me  
You can text me in the AM or text me in the PM  
I keep a lot of girls who I hit up when I need 'em  
But baby you can text me  
Somethin' 'bout you you really got me going  
You was sexy, be crazy if you left me, yeah

You can text me in the AM, baby  
You can text me and stop playin', baby

Baby, there's no point of shootin'  
Money movin' with the groove

Foreigns, that's a lot of coupes  
Watchin' for my niggas shootin'  
Money gettin' niggas [?]
