Fetty Wap

Mm

And I'm telling the truth  
Tellin' on you niggas I don't back down  
Front line I don't play the background  
Imma show you niggas how I act now, baby  
Imma do it so smooth  
Niggas won't cross us never worry  
Nigga get a drop it be scary baby  
Better get some bigger guns  
Double up your funds  
And I'm telling the truth  
Crunch time gotta get it early  
Gotta get the words from my birdies  
No lacking I'm from Paterson, New Jersey  
Know you heard me, I'm telling the truth

Fetty Wap only for the team, yeah baby  
You ever in the hood you can see me baby  
Drop top beamer I be speeding, for no reason  
I swear I be cool  
Niggas wanna see me at the bottom baby  
Talking on my name but I got em baby  
That nigga Fetty Wap, imma rob him  
Don't get shot up

I'm telling the truth  
Tellin' on you niggas I don't back down  
Front line I don't play the background  
Imma show you niggas how I act now baby  
Imma do it so smooth  
Niggas want cross us never worry  
Niggas get a drop it be scary baby  
Better get some bigger guns

And I be letting shit slide and I don't think nun of it  
Cause I call your ass bro that don't mean we brothers  
Put in work by myself I don't like codefendants  
He caught then he tell then your stay extended  
To my get money niggas on a hell of a run  
When you finally touch that M, hang the block you won  
Leave it to them youngins on the block we done  
Think about all them other nights with nun  
I'm talking business, investments and credit get right  
Watch your kids live that incredible life  
That girl held you down your incredible wife  
Never let a fuck nigga discredit your strikes

And I'm telling the truth  
Tellin' on you niggas I don't back down  
Front line I don't play the background  
Imma show you niggas how I act now baby  
Imma do it so smooth (oo)  
Niggas won't cross us never worry (yeah baby)

Nigga get a drop it be scary baby (yeah baby)  
Better get some bigger guns
