On the road all the time  
And I swear I'm tryna get some time to spare  
Tryna show you how much I love you  
Tryna show you how much I care  
And everybody got they opinions  
But they ain't got no money, ayy  
No wonder why these bitches hating  
These niggas be acting funny, ayy  
On the road all the time

I got bands so a nigga gon' hate  
Red seats in my Mercedes  
Any of these niggas I'm with  
Came up from nothing that's crazy  
Zoo gang I swear that's it  
I drive my momma crazy,  
In the trap house, the work's what made me,  
I jugg all day and finesse it  
I got Versace on my necklace  
Can you jugg with a nigga baby? ay  
Whip it good make it finger lickin baby,  
Wish he would try to take it from me,  
Couple slugs in his liver baby  
Never miss, I deliver baby  
I'm the best at this shit and she know it  
Pop a half, sip a four and we go off  
Zoo gang and they know that we rollin'

On the road all the time  
And I swear I'm tryna' get some time to spare  
Tryna show you how much I love you  
Tryna show you how much I care  
And everybody got they opinions  
But they ain't got no money, ayy  
No wonder why these bitches hating

And every time you see me, know I got that thang with me  
And every time you see me, know I got Zoo gang with me  
She came to the club with you, but then she came with me  
I love the way you look, love the way you smell  
Tell me how you feel, I'm just keeping it real  
I just wanna chill, you look good in them heels  
Sipping 17, I might let it spill  
And shawty know I don't care, we could play Truth or Dare  
I might fuck up your hair, don't be acting scared  
It's the Zoo year, it's the Zoo year  
Monty and Zoovier, Monty and Zoovier
