

Bastard of Asgard

Feuerschwanz

You were different than the others
Not your father's only son
Loki's bastard and a monster
And the battle has begun

They put you in magic shackles
For your power they did fear
The fulfilling of the prophecy was near

You are the
Bastard, bastard of Asgard
Bastard, bastard of Asgard
You're bound in chains until the worlds collide
Ragnarök, fate of the Aesir
Ragnarök, break Odin's chains
The dawn of gods will be your final fight
For you are the Fenris wolf
Bastard of Asgard

So you break the magic chains
And detach the war gods hand
'Cause you know you've been betrayed
And the traitor shall be damned

In the twilight of the old gods
Will their destiny await
And you shall fight to meet your fate

You are the
Bastard, bastard of Asgard
Bastard, bastard of Asgard
You're bound in chains until the worlds collide
Ragnarök, fate of the Aesir
Ragnarök, break Odin's chains
The dawn of gods will be your final fight
For you are the Fenris wolf
Bastard of Asgard

You bring death to the Allfather
When the final day has come
You shall be defeated by his son

Bastard
Bastard
You're bastard
Bastard
You're bastard
Bastard, bastard of Asgard
Bastard, bastard of Asgard

You are the
Bastard, bastard of Asgard
Bastard, bastard of Asgard
You're bound in chains until the worlds collide
Ragnarök, fate of the Aesir
Ragnarök, break Odin's chains
The dawn of gods will be your final fight

For you are the bastard

For you are the Fenris wolf
Bastard of Asgard
