

Valhalla

Feuerschwanz

Forgotten, forsaken
Our gods and holy names
Divided and blinded
By rulers and their games

Believers, deceivers
We've seen it all before
For changes and justice
Were riding into war

Hail the gods of thunder - VALHALLA!

We are Vikings
We are Valkyries
Stand together side by side
We are Vikings
We are Valkyries
Into glory we will ride

Hail the gods of thunder - VALHALLA!

We are Vikings
We are Valkyries
Raise your fist up to the sky
We are Vikings
We are Valkyries
And together we will die

Hail the gods of thunder - VALHALLA!
VALHALLA!
VALHALLA!

They burned us, they feared us
They blinded our eyes
They chained us, they reigned us
Together we will rise

Believers, deceivers
We've seen it all before
For changes and justice
We're riding into war

Hail the gods of thunder - VALHALLA!

We are Vikings
We are Valkyries
Stand together side by side
We are Vikings
We are Valkyries
Into glory we will ride

Hail the gods of thunder - VALHALLA!
VALHALLA!
VALHALLA!

Verloren, vergessen
Verleugnet und bestraft

Verraten, verlassen, versklavt
VALHALLA!

We are Vikings
We are Valkyries
Stand together side by side
We are Vikings
We are Valkyries
Into glory we will ride

Hail the gods of thunder - VALHALLA!

Raise your fist up to the sky
And together we will die

Hail the gods of thunder - VALHALLA!
Hail the gods of thunder - VALHALLA!
