

## FOR THE RECORD

FEVER 333

We're diving in  
I'm going head first  
How should I begin?  
The bad news or the worst?  
We're giving in to the thing we said we'd  
Never ever let take from us  
Watch everything I used to stand on fall away  
And all that hoping in tomorrow died today  
Happily digging our own graves  
Don't care what our tombstones will say

For The Record!  
You say I am but I am not  
Marvel at the sight of everything I've got  
Half full but a have not  
Fill my glass up to the top

For The Record!  
My legacy  
Replenish me  
For The Record!  
Tragedy stacked  
Envy me, I am everything you lack  
For The Record!

I need someone to blame  
I need somewhere to pass off all of this shame  
I hear the ticking inside my brain  
It's getting harder just to maintain  
Watch everything I used to stand on stand on me  
Feeling the burden of tomorrow's yesterday  
You're selling freedom to modern slaves  
We can't even afford the chains

(This is exactly why we invest in ourselves)  
(Motherfucker)

Tell the old me that he's  
Gonna be okay  
Try not to live in the past  
'Cause you could die today  
And you can't see it  
If you don't want it  
So play the game with every card  
Given
