Fey

You're always there for me You show me I can count on you when  
I need someone to be there when I'm down.

I'm not scared to live without you I just don't want to try to  
it takes the most to know what love is show me that i'm right.

The way you love me makes me feel again feel I can't deny the w  
ay you love me makes me love again I want you by my side when I  
'm with you I feel so free again your love is all I need I find  
myself and is so real again I love you baby.

You make me so happy to be me if I could turn back the hands of  
time I would change nothing about you my baby.

I'm not scared to live without you I just don't want to try to  
it takes the most to know what love is show me that i'm right.
