

# Glorious King

FFH

We come with broken spirits  
We come with broken lives  
People in need of a savior  
We come as a sacrifice

Oh Lord Jesus come!  
Come and kneel with us

God of all the universe  
Breathe again in us  
We will wait for you our Glorious King  
You are mercy you are love  
You can lift us up  
We will worship you our Glorious King

We come with nothing to offer  
We come with nothing to lose  
A people seeking communion  
We come seeking you

Oh Lord Jesus come!  
Come and kneel with us

God of all the universe  
Breathe again in us  
We will wait for you our Glorious King  
You are mercy you are love  
You can lift us up  
We will worship you our Glorious King  
We will worship you our Glorious King

We will rise and we will fall  
You are all the one [x3]  
When everything we work fails  
You are faithful still, yes [x3]

Oh Lord Jesus come!  
Come and kneel with us

Oh Lord Jesus come!  
Come and kneel with us

God of all the universe  
Breathe again in us  
We will wait for you our Glorious King  
You are mercy you are love  
You can lift us up  
We will worship you our Glorious King

God of all the universe  
Breathe again in us  
We will wait for you our Glorious King  
You are mercy you are love  
You can lift us up  
We will worship you our Glorious King  
We will worship you our Glorious King  
We will worship you our Glorious King
