

# Hold On To Me

FFH

I don't want to go back  
To the way we used to be  
I don't want to go back  
To the same old you and me

We come so far now  
We can't turn back now

So hold on to me and I'll hold on to you  
(Hold on to me and I'll hold on to you)  
We'll hold on to each other  
Holding on to something bigger

So hold on to me and I'll hold on to you  
(Hold on to me and I'll hold on to you)  
We'll hold on to each other  
Holding on to something bigger

I don't want to go back  
To the calm and shallow seas  
I want to stay here  
And embrace the mystery

We've come so far now  
We can't turn back now

So hold on to me and I'll hold on to you  
(Hold on to me and I'll hold on to you)  
We'll hold on to each other  
Holding on to something bigger

So hold on to me and I'll hold on to you  
(Hold on to me and I'll hold on to you)  
We'll hold on to each other  
Holding on to something bigger

I don't want to go back  
To the way we used to be  
I don't want to go back  
To the same old you and me

We come so far now  
We can't turn back now

So hold on to me and I'll hold on to you  
(Hold on to me and I'll hold on to you)  
We'll hold on to each other  
Holding on to something bigger

So hold on to me and I'll hold on to you  
(Hold on to me and I'll hold on to you)  
We'll hold on to each other  
Holding on to something bigger

Bigger than you and me  
Bigger than you and me, yeah  
Much bigger than you and me

(Hold on to me and I'll hold on to you)

Bigger than you, bigger than me  
So much bigger than you and me, yeah  
(Hold on to me and I'll hold on to you)
