

I Don't Care Anymore

FFH

You might be surprised by what I have to say
It may take some time for me to explain it
But this feeling just gets stronger the longer I'm away

I may seem insane for leaving it all behind
But I have heard that a lunatic can confound the wisest
And I will look insane for this anytime

'Cause I don't care anymore and I'm not there anyway
So go on with your life and I'll go on with mine
We will all be fine because I don't care anymore

This may not seem like me or the man I used to be
That's 'cause I have found something much better
And it's becoming crystal, crystal clear to me

That I don't care anymore and I'm not there anyway
So go on with your life and I'll go on with mine
We will all be fine because I don't care anymore

About my name in lights
Or getting what is mine
You can be the star tonight
Oh, that would be just fine with me

'Cause I don't care, I don't care, I don't care anymore
I'm not there, I'm long gone, so go on, go on
Go on with your life, don't worry about me
I've found what I need, she's been right here with me

And I don't care anymore and I'm not there anyway
And I don't care anymore and I'm not there anyway
So go on with your life and I'll go on with mine
We will both be fine because I, I don't care anymore

You might be surprised by what I have to say
It may take some time for me to explain it
But this feeling just gets stronger the longer I'm away
