

## Fantasy

## Fickle Friends

I don't need your number  
I don't care 'cause we're going nowhere  
Don't need your view or an interview, don't over share  
Don't even bother, I won't either  
'Cause we're going nowhere  
Make other plans for the weekend

And I just want to relax  
Oh no-oh  
And are, are you down for that?

Come and be around me  
Everything astound me  
My fantasy, only whatever I want  
If you wanna play me  
I won't be a baby  
Go down and surprise me oh, what have you got?  
And I don't dream, reality's so sweet  
I'm just like candy, won't you unwrap me?  
Let's make it a party  
If you're feeling flirty  
My fantasy, only whatever I want

Let's just keep it breezy  
I'm so easy but don't spread it around  
The neighbours hear me, what's the problem?  
It's a glorious sound  
I own my body, I'm so funny  
Isn't funny enough?  
You know I never need a reason

And I just want to relax  
Oh no-oh  
And are, are you down for that?

Come and be around me  
Everything astound me  
My fantasy, only whatever I want  
If you wanna play me  
I won't be a baby  
Go down and surprise me oh, what have you got?  
And I don't dream, reality's so sweet  
I'm just like candy, won't you unwrap me?  
Let's make it a party  
If you're feeling flirty  
My fantasy, only whatever I want

Yeah, you do it for me  
Not in a hurry, hurry  
Nothing sad about it  
No, I'm not mad about it  
So, get up all up on me  
Call me your honey, honey  
It's my fantasy, baby

Come and be around me  
Everything astound me

My fantasy, only whatever I want  
If you wanna play me  
I won't be a baby  
Go down and surprise me oh, what have you got?  
And I don't dream, reality's so sweet  
I'm just like candy, won't you unwrap me?  
Let's make it a party  
If you're feeling flirty  
My fantasy, only whatever I want
