## Fickle Friends

Hey  
I'm dreading the first date  
Ain't done this in a while  
A little rusty and out of style  
So let's go  
I'm gonna give it my best shot  
I see you walking in  
Think I'm punching, you're 10/10  
So I lose my head

You're moving in  
Put your hand on my shoulder  
50% getting closer and closer  
Swoon when you say  
"I could do this all day"  
You're the mistake  
I know I wanna make

Climbing on top  
Yeah, we're turning the heat up  
Nothing says aah...  
Like a sensual meet up  
Swoon when you say  
You got me in a daze  
What if we stay  
In a honeymoon phase

Woah  
What a crescendo  
Y'a calling sick into work  
Such a natural you sound so rehearsed  
So lets go  
I guess we're getting in deep then  
Hiding under the sheets  
I'm such a sucker for your company  
And lack of sleep

You're moving in  
Put your hand on my shoulder  
50% getting closer and closer  
Swoon when you say  
"I could do this all day"  
You're the mistake  
I know I wanna make

Climbing on top  
Yeah, we're turning the heat up  
Nothing says aah...  
Like a sensual meet up  
Swoon when you say  
You got me in a daze  
What if we stay  
In a honeymoon phase

I'm climbing on top, yeah  
You're moving in closer  
Just stay another weekend

I don't want it end  
I don't want it end

Kissing my neck  
With your hands on my body  
I'm such a wreck  
When you tell me you want me  
Swoon when you say  
"I could do this all day"  
You're the mistake  
I know I wanna make

Climbing on top  
Yeah, we're turning the heat up  
Nothing says aah...  
Like a sensual meet up  
Swoon when you say  
You got me in a daze  
What if we stay  
In a honeymoon phase
